More specifications can be determined from the below diagrams

Item NO.	Descriptions	Diagrams
JBG	Gel Bait Gun Color: Grey Weight/pc: 200g	 <p>The diagram shows a side view of the Gel Bait Gun. It features a long, thin nozzle at the top, a central body with a trigger mechanism, and a handle at the bottom. The dimensions are indicated by arrows: the total length is 245mm, the height from the base of the handle to the top of the nozzle is 180mm, and the width of the handle is 110mm. A small label on the body reads 'GEM/20-3'.</p>
